

Non Cash Contribution Worksheet

Courtesy of H & R Pye's Tax Service

Taxpayer's Name _____

Date of Contribution _____ Donated To: _____

You should have the agency initial each of your detail pages in addition to obtaining a dated receipt from them. It would be a good idea to take pictures of the items and volume of your donations. The more backup you have for your donations, the safer your tax deduction will be in case you are audited.

Please total all pages prior to your tax appointment.

Any items not detailed on this worksheet or that were especially expensive when new, please note on separate paper and we can help you find the values when you come in.
