**Please answer all questions on this list; refer to the table to gather your documents so we can complete your tax return as quickly as possible. If you are missing information at the time of your appointment, you will have homework which will delay the completion of your tax returns. Open all envelopes before you arrive and bring proof of residency for all dependents.**

Were you a resident of another state during 2023? If yes, we need to know the city, state, and county you lived in, as well as the school district. We need the date you moved. If you rented your home there, we need to know how much rent you paid and the landlord's name and address.	Do you pay for care for your child or disabled spouse? If yes, we need the name, address, SS number or federal ID number of the provider, and the amount you paid. If you use a Maine Quality Day Care Provider, we need their certificate number. If the provider comes to your home, you may need to issue a W2.
Did you work outside of Maine? If yes, where?	IF DIVORCED BEFORE 12/31/2018, Do you pay alimony? If yes, we need the SS number of the person paid, and how much you paid
Did you pay any educational loan interest? If yes, we need your 1098-E.	Are you a teacher? If yes, did you have any unreimbursed teaching aid expenses and/or professional development? (UP TO \$300)
Do you pay any household help (who is over 18 years old) more than \$26 0 in the year?	Do you have any worthless securities, stocks, or bad debts?
Did you have any Early Withdrawal Penalties on CDs?	How much have you contributed to your retirement accounts in 2023?
Did you make any gifts to individuals over \$17,000 for tax year 2023? (\$18,000 for tax year 2024)	Do you plan to put more money into an IRA, Roth IRA, Simple, SEP, KEOGH, or Education IRA by April 15 <sup>th</sup> ?

**ESTIMATED PAYMENTS:** If you made estimated payments, please fill in the table below. The payment you made in Jan. 2023 was for your 2022 taxes.

## H&R Pye's 2023 Personal Check-Off List

Client Name:

**New, higher standard deductions may eliminate your ability to itemize your deductions. Single: \$13,850; Head of Household: \$20,800; Married Filing Separately: \$13,850; Married Filing Joint: \$27,700. Additional standard deduction for the aged or blind: \$1,850 for single or head of household; \$1,500 for married taxpayers or Qualifying Surviving Spouse**

**If you think you can itemize, please provide us with the following information:**

- 1) **HOME: FOR NEW AND EXISTING MORTGAGES/HOME EQUITIES:** Mortgage and/or home equity interest to buy or improve your home is deductible. HOWEVER, if you refinanced to get money out of the equity in your home for any other reason you are no longer able to deduct that portion of the interest you paid. So, we will need to know if you did this. For a second home, the loan must be on the 2<sup>nd</sup> home. Second homes include camps, recreational vehicles, boats or condos. Anything in which you can cook, sleep and go to the bathroom qualifies as a home.
- 2) **PROPERTY TAXES:** Please PROVIDE copies of your property tax bill(s) that had payments due and **paid** in tax year 2023 for all homes and land that you own. If you do not have the bills, please list the amount of taxes including the due dates, the dates paid, and the amount paid.
- 3) **SALES TAX:** For 2023 you may be able to deduct either your state income taxes or your state sales taxes paid—whichever is higher. The IRS will have a table to use based on your gross income. If you paid sales tax on any large purchases (car, truck, boat, RV, etc.) you will be able to add that to the amount in the sales tax table. The items do not have to be new, as long as they are new to you. If you spent more on sales tax than the table allows, and you have the receipts to prove it, you can use your actual sales tax paid on everything.
- 4) **INCOME TAXES:** Did you pay any state income taxes on last year's tax return? If you filed an extension for your 2022 state tax return, did you send any payments to the state with your extension? Did you pay any old state income taxes during 2023? We need to know the amount you paid that went to the taxes themselves, not the portion that paid interest and penalties.
- 5) **EXCISE TAXES:** Excise taxes paid on your personal vehicles, boats, campers, motorcycles, etc. are deductible if you are able to itemize. The costs of the plates, tags, registrations, etc. are not deductible, though there is an exception for the extra cost of the conservation loan plate, lobster plate, or any other plate whose fees go to a charity. If you have excise taxes connected with a business, please list those on the "Business Check-Off List."
- 6) **MEDICAL:** If you have spent more than 7.5% of your adjusted gross income on medical expenses then you may be able to deduct what you have spent above that percentage, as long as it was not reimbursed by an insurance company or a pretax health plan. Some expenses that qualify are: health insurance premiums (though not if the premiums have already been deducted from your wages, as in a cafeteria plan, Sec 125, POP, etc.); dentist bills; eye doctors and glasses; doctor and hospital bills; prescriptions; physical therapists; chiropractors; medical aids such as wheelchairs, hearing aids and batteries, crutches, braces, eyeglasses, contact lenses, insurance, cleaning solutions, as well as some home improvements done on your doctor's advice. You can also include your medical mileage—the number of miles traveled for medical places. You will need to make a mileage log based on dates and the mileage involved. **The mileage rate for 2023 is 22 cents per mile.**
- 7) **CONTRIBUTIONS:** Did you make any cash or non-cash contributions to any church or nonprofit organization? You need to have either bank proof or a receipt from the charity for any money donations, regardless of the size of the donation. If a single contribution is greater than \$250, you will need a signed receipt. If it was a non-cash contribution, you will need a list of the items you gave, the values of the items (write down any items you don't know how to price and we'll address it at your appointment), who you gave them to, and the date you gave them, as well as the signed receipt for contributions valued at \$250 or more. Do you do volunteer work? If so, you can deduct your out-of-pocket expenses and mileage. **The mileage rate is \$0.14.** Did you make any food donations to food banks, churches, or other charities?

**HELPFUL HINT: Look over your tax packet from last year, make sure you have all the same documents. If you had homework, look to see what you needed and make sure you have it this year.**

# H&R Pye's 2023 Personal Check-Off List

Client Name: \_\_\_\_\_

In 2023, did you get/have/make...	If yes, we need...
